SUMMARY

Full stack web developer with a focus on building engaging, high-performance web applications. Created a gamified platform that boosts employee productivity and well-being through interactive challenges and team engagement. Proficient in React, Node.js, AWS, Tailwind CSS, and scalable backend systems.

WORK EXPERIENCE

Full Stack Developer (Intern), DPL   **Feb 2025 - Apr 2025**

My contributions:

- Developed a gamified platform that enhances workplace value by driving employee productivity, well-being, and team engagement through interactive challenges.
- Developing responsive frontend interfaces for multiple roles with sleek designs and animations.
- Create structured relations in databases to ensure efficient management of data.
- Using AWS S3 for file and image storing, with the URLs being saved in the database as well for scalability.
- Using Tailwind CSS and Framer-motion to create an interactive and attractive frontend design.
- Deployment using AWS CloudFront, S3 and EC2.

React JS Developer (Intern), VizTeck Solutions   **Dec 2024 - Jan 2025**

My contributions:

- Worked on multiple project frontends.
- Creating responsive frontend UI.
- Integrating firebase with the frontend to make usable frontend web apps.
- QA testing to learn how to identify errors and UI mistakes.

EDUCATION

Bachelor of Science in Computer Science

Shifa Tameer-e-Millat University,   **Oct 2020 - Oct 2024**

Islamabad.
